Subject Re: State Board Bay Delta resolution

How about I do it next week so I can report on how the Brd mtg went? Rumor has it the water user community is not pleased - not a surprise - and the Board members may not be unanimously in support.

Subject State Board Bay Delta resolution

FYI - Thought you all might be interested in this proposed resolution from State Board.  
[www.waterboards.ca.gov/agenda/2007/december/](http://www.waterboards.ca.gov/agenda/2007/december/)

- its got something for everyone. They've done a really nice job of describing the various issues and tools related to BD estuary protection - from tmdls, permits, bga, monitoring, invasives, 316b, SQOs, the CV DW policy, etc - and are proposing to develop an intergrating strategy. Unclear how the public trust hearing

will intersect with upcoming Delta Vision and BDCP directions but its good to see the Board asserting itself. We may send short letter of support. - K
